Transition Services

Helping students develop college, career, and adult-living skills

ESCCO transition specialists work closely with educational teams to support college and career ready transition activities and services for students with disabilities.

The purpose of transition services is to:

- Identify student interests and abilities,
- Help students develop college and career skills,
- Explore future college and career opportunities with students and their families.

During a student's first year in high school, transition specialists administer interest inventories in an effort to get to know each student.

During the second year, students begin to explore community work experiences.

ESC Transition Specialists:

- Coordinate assessments and referrals to adult services,
- Serve as the school/agency liaison,
- Provide information about leisure activities,
- Provide in-school work experiences,
- Develop/monitor community work sites, and
- Provide and support activities to prepare students for post-secondary college options.

As part of the IEP Team, transition specialists assist students in planning for:

- Employment and Post-Secondary Education
- Adult Living
- Community Participation

Transition specialists offer students:

- Interest Inventories
- Career Exploration
- Career Assessment
- Career Center Exploration
- Shadowing
- Work-Study Credit
- Agency Referrals
- Parent/Student Tours
- Community Work Experiences
