School Year 2023-2024

Annual performance framework (academic, fiscal, and organizational/operational) evaluation is considered using a five (5) point scale as found below. These ratings are holistic and consider the school's performance over multiple years/contract term.

The school's rating for individual components of the performance framework that summarizes the school's academic, fiscal, and organizational/operational record for multiple years and over the contract term will be attached to this report.

Excellent	Very Good	Fair	Poor	Not Evident
5	4	3	2	1

1. Epicenter Efficiency and Accountability

Rate the 'on time' submission and correctness of required documents.

5	4	3	2	1
Comments: All submissions are timely and accurate. Thank you for your regular attention to maintaining Epicenter throughout the school year. Communication is excellent!				

2. Technical Assistance, Monitoring and Intervention

Rate the frequency and degree of severity of these processes. Have any Corrective Action Plans (CAP's) or probationary notices been issued?

5	4	3	2	1
Comments: No CAP's or probationary notices were issued during the 2023-2024 school year. The GEMS leadership is supported by The Graham Family of Schools central leadership staff as they work to implement the school's mission and vision and education plan. Much work is done by the organization to assist, monitor, and intervene prior to seeking support outside the organization. We appreciate all stakeholders (<i>board, administration, teachers, students, and parents</i>) for their continued support of the school and desire to see all students reach their full potential.				

3. Financial Plan

Rate the degree to which the school performed its obligations noted in the Financial Plan.

5	4	3	2	1
Comments: GEMS July financial reports show the school general fund expenditures in excess revenue of \$21,000 for the month and fiscal year. Although the ADM remained stable, the low ADM remains concerning compared to projected ADM.				

4. Enrollment

Rate the level of student retention/transiency during life of the contract.

5	4	3	2	1
---	---	---	---	---

Comments: GEMS end of year 2024 FTE was 295. Enrollment has been consistent with a similar pattern of decreasing enrollment as the year progresses. The board monitored attendance on a monthly basis.

5. Governance/Organizational/Operational

Rate the overall leadership of the governing authority and operational organization.

5	4	3	2	1
Comments: The leadership from the governing authority in governance, organization, operations, and fiscal is commendable. All interactions are professional and transparent.				

6. Academic Accountability

How is the school performing in relation to the Educational Plan and Performance Framework?

How did the school say it would perform versus how it actually performed?

- Conversation surrounding report card data will occur as well as Exhibit 4 and Performance Framework from the contract.

5	4	3	2	1
Comments: GEMS had an overall rating of 3 stars on the 2023-24 state report card. They improved in every area compared to the year before. They were rated 'approaching' for achievement and early literacy, 'meets standard' for gap closing, and 'exceeds standards' for progress. GEMS met the standard for their Mission Specific Goals as part of their contract. Their goals are around SEL (Social Emotional Learning), Math, and English Language Arts. Performance ratings over multiple years can be found in the attached performance framework. Student achievement in both reading and math continue to be low though there is growth in many areas. The school needs to continue to focus on both growth and achievement of students moving forward. They are headed in the right direction. Performance ratings over multiple years can be found in the attached performance framework.				

7. Contract Sufficiency (per ORC section 3314.03)

The level of contract sufficiency - DEW checklist will be used to determine whether contract has been updated to their standards.

Comments: All areas have been met.

8. Conclusion

How is the school performing in relation to the contractual requirements?

(Areas of Strength, Areas of Improvement, Subsequent Actions, Summary of Performance Over Contract Term and Prospects for Renewal)

Comments:

Areas of Strength: GEMS has a strong, positive supportive culture that supports student learning and growth in academics and social-emotional learning.

Areas of Improvement: GEMS needs to continue their work in improving student achievement and growth on standardized assessment.

Subsequent Actions: The school will continue to review both growth and achievement data and monitor adult implementation towards Mission Specific Goals progress quarterly.

Summary of Performance Over Contract Term and Prospects for Renewal: GEMS's contract is set to expire June 30, 2027. They are on track for successful renewal as long as all processes are successfully completed and continued in the manner that they have been over the past year. A High Stakes Review will occur in the fall of the 2026 school year. All information will be communicated about the renewal process and the ESCCO's policies and procedures is always available on the ESC sponsorship webpage: - <https://www.escco.org/CommunitySchoolSponsorship.aspx>

Note: The school's annual performance report and prospects for renewal will be communicated to and discussed with the school's governing authority.

ESC Actions

12/16/24 Date ESC discussed the report and prospects for renewal with the school's governing authority

There are three (3) components on which schools will be assessed and held accountable: Academic, Financial, and Organizational/Operational. Together, these three components comprise the Performance Framework.

The ESCCO will utilize the National Association of Charter School Authorizer's (NACSA's) principles and standards to guide its academic monitoring of the schools that it sponsors. The framework components include:

1. Indicator – general category of academic performance, i.e., student achievement
2. Measure – Categories of performance included within the components making up the Ohio School Report Cards, Dropout Prevention and Recovery Report Cards and the Career-Technical Report Cards. The measures, some of which are graded and some of which are rated, vary for each type of report card and are used to provide information regarding student academic success and progress.
3. Metric – method of evaluating a measure, i.e., percentage of students proficient on state assessment
4. Target – threshold that signifies success in meeting the standard for a specific metric, i.e., state cut-off for meeting proficiency or higher
5. Rating – assignment of school's performance into categories/scoring based on the performance against framework targets, i.e., exceeds, meets, approaching standard/needs support to meet standards or falls far below standard/needs significant support to meet state standards

We will utilize the graded or rated measures or indicators available on the state report card each year. As additional measures are added from year to year, we will also utilize the performance framework in those areas. For some items, because of changes to state report cards, data may not be available for all items for all years. Note, additional or fewer measures may be used for different schools to appropriately evaluate their specific educational plans. The general Graded/Rated Measures are:

- Overall School Performance Rating
- Achievement
 - Component Rating
- Progress
 - Component Rating
- Gap Closing Component Rating: Annual Performance Goals
- Early Literacy (K-3) Component Rating
- Graduation Rate
 - Component Rating (All Schools)
 - 5 Year Graduation Rate (Non-DOPR Schools) (Not individually rated on state report cards beginning in 2021-2022 school year; Sponsor will assign points)
 - Annual Graduation Rate: 4, 5, 6, 7 and 8 Year Rate (ONLY Pertains to Dropout Prevention and Recovery Schools)
- College, Career, Workforce, and Military Readiness Component Rating
 - (The overall component is not rated, and the measures are not individually rated; report only until at least 2024-2025 school year)

- The inclusion of the measures will be based on their report card release from the Ohio Department of Education and Workforce (DEW).
- The measures for dropout prevention and recovery schools will align to the report card for these schools.

The ESCCO will rate each of the report card measures* as –

- Exceeds Standard – Determined by Rating of 4 or 5 Stars
- Meets Standard – Determined by Rating of 3 to 3.5 Stars
- Approaching Standard/Needs support to meet standards – Determined by Rating of 1.5 to 2.5 Stars
- Falls Far Below Standard/Needs significant support to meet state standards – Determined by Rating of 1 Star

*The rating for dropout prevention and recovery schools will align to the report card for these schools.

- The following tables represent the three (3) components of the Performance Framework- Academic, Financial, and Organizational/Operational. School performance in these areas is documented annually, reviewed with administration and Governing Authorities, and reported in the Annual Review.
- School and Sponsor will agree to include additional Progress and/or Achievement measures using data from standardized assessments (i.e., NWEA MAP, STAR) and/or other school mission specific goals and non-academic measures. These will be used to assist in monitoring accountability, especially if there are areas that were not rated on the report card. Agreed upon goals, and targets and metrics demonstrating School's progress in meeting the goals, will be attached to this Exhibit.
- School and Sponsor will agree to include targets that compare the school's student performance to other schools.
- At the end of each contract term a High Stakes Review is conducted, at which time multiple years (over the contract term) of school ratings in Academics and Organizational/Operational areas, and the most recent Financial component scores on the Performance Frameworks are reviewed. The overall performance is considered at renewal time.

As Ohio's districts and schools are identified for support, they must create or update district and school improvement plans through the ED STEPS process, which includes the One Needs Assessment and the One Plan. The sponsor expects schools to complete any identified requirements and work with both their assigned State Support Team and the Sponsor.

The rating system described earlier is subject to change if any legislative revision occurs or a new expected accountability standard is issued to Sponsors by the State. As future graded/rated measures are added to the report card over the course of a contract's life, it will be assumed that the school will be rated on those measures throughout the life of the contract with that specific measure language being added at renewal time. If needed, the ESCCO will amend and update the assessment and accountability portion of the contract if the legal requirements of monitoring change after the contract has been approved by both governing authorities.

Community School Performance Framework

Performance Framework for annual review of school outcomes includes 3 main components: Academic, Financial, and Organizational/Operational

(Multiple years of data, including performance over the contract term, will be used where available, for some items, data may not be available for all years.)
