2023 Benefits Enrollment

Dear Ohio Healthcare Plan Participant:

Employees will be able to use an online registration system to confirm their benefits. This system will be available for employees to select their coverage. This **mandatory** enrollment process is required under the terms of Internal Revenue Code Section 125. All employees must complete the enrollment process, regardless of whether or not they elect to change their benefits. Failure to enroll will result in loss of coverage.

The rest of this brochure provides **important** information regarding the enrollment process, plan options and eligibility requirements for coverage under the plans for you and your dependent spouse and children. If there is any discrepancy between the information in this brochure and any official plan document, the official plan document will control.

Enrollment Process: Mandatory for All Benefits-Eligible Employees

Ohio Healthcare Plan knows how important benefits are to you and your family, so we will continually work at evaluating and updating the programs we offer. We are committed to providing information to help you make informed decisions.

Employees will receive enrollment instructions. If you have any questions or concerns, please contact benefits@escoco.org.

Additional Information

All plan communication will be provided electronically to you to review throughout the plan year, unless you notify the Benefits Department with a request to provide some or all plan communications in paper hard-copy.

Eligibility

Dependent Eligibility for Medical and Dental Plans

Spouses who meet the criteria and children (up to age 26) are eligible for medical, dental and vision coverage.

Important Criteria

Special Eligibility Requirements for Spouses in the Medical Plan Only

Spouses who are eligible for another employer-sponsored medical plan must take that coverage on an individual basis as primary insurance in order to be covered with Ohio Healthcare Plan for secondary insurance unless the spouse meets one of the criteria below:

- The spouse is also eligible for the Ohio Healthcare Plan through his/her participating school.
- The spouse is not eligible for an employer-sponsored medical plan.
- The spouse would be required to pay more than 50% of the total premium for single coverage
- Premium does NOT include spousal incentives or other such additional compensation, etc. forfeited upon enrollment in their own plan.

Note: If your spouse is currently enrolled in other coverage and contributing to a Health Savings Account (HSA), and you enroll them in your PPO plan as secondary, IRS rules may preclude them from making or receiving additional HSA contributions. In order to make or receive HSA contributions, an individual must only be covered by an HSA-qualified health plan. For questions regarding spousal secondary coverage when receiving HSA contributions, please reach out to the Administrative Support Team (AST) at 1.855.664.0012 or email AST@planmanagementservice.com.

Benefits Administrators

The 2023 Benefits Enrollment booklet was created so that all ESC/COG employees would have a single document to review all benefits. The Benefits department also wanted to make sure that all employees had a chance to educate themselves before enrollment, which is mandatory for all benefits-eligible employees.

Examples of a special enrollment/qualifying event (family status change):

- Marriage
- Divorce or legal separation
- Loss of coverage (not dropping coverage voluntarily)
- Death
- Qualified Child Medical Support Order (QCMSO)
- Legal guardianship
- Newborn and adoption

Additional Help Available

If you are having difficulty enrolling or providing requested documents in the timeframe required, please contact ast@planmanagementservice.com for special handling.

One of these documents is required each year for medical and dental coverage:

- If filing head of household, both the employee and the spouse must complete affidavits (please contact Benefits department for affidavit)
- If married in the current year and have not filed taxes together, provide marriage certificate.

A spousal eligibility requirement must be completed during your online enrollment. The online questionnaire may prompt you to upload a Spousal Verification Form (available in the benefit portal) to complete your medical coverage enrollment.

Required Documentation for Dependents

- **Birth Child:** Birth certificate; provide one time
- **Adopted Child:** Legal adoption documentation; provide one time
- **Legal Guardianship for Child:** Proof of legal guardianship or "Qualified Child Medical Support Order" (QCMSO); provide one time unless there is a change

Step 2: Upload your document(s) by first scanning and saving to your computer or portable drive. (PDF, PNG, JPG, or BMP)

Step 3: Upload your document(s) to Benelogic

- Log on to **ohp.benelogic.com** with your district-specified user ID and password
- From the home page, select Upload a Document, then click Add a File
- Locate your file on your computer/device, add a document description to the file name, and then click Save to continue

You may also fax forms to 419.267.5262.

Note: Only eligible dependents may be enrolled in your benefit plan. (Refer to your plan's benefit booklet or benefits offices if unsure of guidelines). Dependent proof of eligibility may be required; such as birth certificates, custody or guardianship papers (for children eligibility) and/or first page of your last filed 1040 tax return (for spouse eligibility) with the financial information and all but the last 4 digits of the SSNs blacked out. Failure to provide proof of eligibility upon request or failure to enroll a spouse into their own employer's sponsored coverage, if eligible, will result in the recovery of all benefits paid on behalf of that spouse/dependent by your Plan.

Flexible Spending Account (FSA)

Administrator: Chard Snyder | www.chard-snyder.com | 800.982.7715

A Flexible Spending Account (FSA) allows an employee to set aside a portion of their income, before taxes, for approved healthcare and dependent care expenses. Benefits of an FSA include:

- Helping budget and pay for approved expenses over the course of the plan year.
- Increasing take-home pay because the FSA contribution reduces tax liabilities.
- Creating financial flexibility because the total medical FSA pledge amount is available at any time during the plan year.

Getting Started

During open enrollment, an employee may choose the amount of money to be deducted from their paycheck for contribution toward an FSA. The maximum amount of money an employee can contribute is \$2,850 for medical savings and \$5,000 for dependent care.

Debit Card

The ESC/COG offers a debit card that can be used virtually everywhere that Visa and Mastercard are accepted. This allows payments to be deducted directly from the FSA account, eliminating paperwork and reimbursement wait time.

FSA or Child Care: Which is better for a tax return?

The same dependent care expenses that qualify for the FSA are eligible for a federal income tax credit. Employees cannot use both tax advantages for the same expenses, though they may be able to take a tax credit for expenses they do not pay through the FSA. Other tax credits, such as the Earned Income Credit (EIC) can be affected by using the FSA. Depending on an employee's income level, the EIC may either increase or decrease if they incur a salary reduction to contribute to the FSA plan. Employees should consult a tax advisor to confirm which would be best.

Life Insurance & Disability Insurance

Administrator: New York Life | newyorklife.com | 800.225.5695

Group Term Life and Accidental Death Insurance*

Basic group term life insurance in the amount of \$50,000 is provided to all full-time employees at no cost.

In addition to the group term life provided by the ESC/COG, employees have the opportunity to purchase additional term life protection up to five times their annual salary, but not to exceed \$500,000, whichever is less. No medical questions are asked for amounts up to \$150,000 if the employee enrolls when they are first eligible.

Employees also have the option to cover a spouse up to 50% of what the employee elects up to \$25,000 and children up to \$10,000.

Accidental Death and Dismemberment (AD&D)

AD&D coverage provides benefits due to certain injuries or death from an accident. The covered injuries or death can occur up to 365 days after the accident.

Disability Insurance (Short Term, Long Term)*

Voluntary short- and long-term disability insurance from Cigna provides employees with the security of knowing a paycheck will not stop if they have an extended disability due to illness or accident. This program provides 60% of the monthly salary up to a maximum of \$5,000. It includes two options for both short- and long-term coverage with benefit duration periods from nine weeks to social security full retirement age.

Disability insurance does have a pre-existing condition period of 3/12. This means that if an employee was treated for a medical condition three months prior to the effective date, it will be considered a pre-existing condition and will not be covered unless they are treatment free for 12 months after the effective date of coverage.

*This information is not intended to be a complete description of the insurance coverage available. The policy has exclusions and limitations, which may affect any benefits payable. The online benefits portal can give complete details of the coverage and availability.
