Comprehensive Development for Superintendents & Their Central Office Teams

The ESC of Central Ohio's Central Office Superintendents Academy is the premier professional development program for superintendents and their central office teams. Learn from sessions like these:

- **Successful Governance Teams:** A superintendent is only as effective as the board/superintendent governance team is
- **Building A Leadership Team:** The most effective teams are very clear about what makes a great team member and expectations for team members
- **The Importance of Coaching:** All leaders must play the role of coach to help team members grow
- **Loose - Tight Leadership:** Determining what's tight, and what's loose is imperative for leaders
- **Solitude And Leadership:** Leaders will not reach their full potential unless they are comfortable thinking for themselves and backing up their thoughts in the face of opposition
