

Walking Excursions For Community Based Instruction

Dear Parent:

During the current school year, our instructional program will involve occasional walks around the school vicinity but off the school grounds. The purpose of these class excursions is to provide reinforcement and practice for skills taught in the classroom. The activities being provided will usually involve community awareness and survival skills.

In order to conduct these excursions, we need your permission. Please indicate your intent by placing a check in one of the three boxes below. Sign, date, and return the form to me.

Sincerely,

Teacher

Date

Yes, I grant permission for _____
to participate in class walking excursions which are off school property.

Yes, I grant permission for _____
to participate in class walking excursions which are off school property, and I
would like to be notified before each excursion.
