School Year 2023-2024

Annual performance framework (academic, fiscal, and organizational/operational) evaluation is considered using a five (5) point scale as found below. These ratings are holistic and consider the school's performance over multiple years/contract term.

The school's rating for individual components of the performance framework that summarizes the school's academic, fiscal, and organizational/operational record for multiple years and over the contract term will be attached to this report.

Excellent	Very Good	Fair	Poor	Not Evident
5	4	3	2	1

1. Epicenter Efficiency and Accountability

Rate the 'on time' submission and correctness of required documents.

5	4	3	2	1
Comments: Hard work is put into completing submissions. Please make sure appropriate documents are given to business manager for uploads to ensure accuracy.				

2. Technical Assistance, Monitoring and Intervention

Rate the frequency and degree of severity of these processes. Have any Corrective Action Plans (CAP's) or probationary notices been issued?

5	4	3	2	1
Comments: A CAP was issued on not meeting the maintenance of effort in spending for Title 1 by the school. This has now occurred 2 years in a row. The CAP was submitted on time and accepted. It is critical that communications from the Department be sent to the Sponsor as well. The school nearly missed compliance on background checks after multiple reminders and extensions. All were completed; however, individuals need to complete such requirements on time without several reminders.				

3. Financial Plan

Rate the degree to which the school performed its obligations noted in the Financial Plan.

5	4	3	2	1
Comments: A CAP was issued on not meeting the maintenance of effort in spending for Title 1 by the school. This has now occurred 2 years in a row. It is critical that communications from the Department be sent to the Sponsor as well. This resulted in a loss of funding to the school. The 5-Year forecast has 150 FTEs projected. The school ended the year at 130.27 FTEs. The current FTEs sit at 112.43. The projections will need to be monitored and adjusted if necessary.				

4. Enrollment

Rate the level of student retention/transiency during life of the contract.

5	4	3	2	1
Comments: Enrollment increased back up to 130 from 108 during the 2023-2024 school year; however, ECA sits at 112.43 FTEs in November of 2024. The school will need to continue to monitor.				

5. Governance/Organizational/Operational

Rate the overall leadership of the governing authority and operational organization.

5	4	3	2	1
Comments: The board is a dedicated group. There are sometimes issues with quorums. This area will be monitored for improvement.				

6. Academic Accountability

How is the school performing in relation to the Educational Plan and Performance Framework?

How did the school say it would perform versus how it actually performed?

- Conversation surrounding report card data will occur as well as Exhibit 4 and Performance Framework from the contract.

5	4	3	2	1
Comments: The school is commended for an increase in gap closing from did not meet to exceeds on the report card. Additionally, graduation rate increased exceeding a school mission specific goal. Staff participated in the selection of new SAVVAS curriculum supported by the sponsor and is working with an ESC consultant during the 2024-2025 school year for implementation. Utilization of curriculum and implementation are expected by the sponsor. We appreciate everyone's involvement with this work. Achievement data continues to score at does not meet. When compared to like schools that the school selected in achievement comparisons, the other schools are averaging higher in achievement. This is an area of needed improvement; however, improvement is occurring overall.				

7. Contract Sufficiency (per ORC section 3314.03)

The level of contract sufficiency - DEW checklist will be used to determine whether contract has been updated to their standards.

Comments: Currently meeting the requirements of the contract. A fall amendment is going to the school board in November. It has already been approved by the ESC. After school approval, sponsor will send to DEW. Reasons for amendment are related to needed legislative updates.

8. Conclusion

How is the school performing in relation to the contractual requirements?

(Areas of Strength, Areas of Improvement, Subsequent Actions, Summary of Performance Over Contract Term and Prospects for Renewal)

Comments: The school has shown improvement in gap closing. They have been participating in Instruction Partners professional development as well as the implementation of the new curriculum in all subject areas with ESC staff. Achievement will continue to need to be worked on as the school has not met the standard over the past 3 year. Upon review of data, the school is close in achievement. The fiscal CAP related to maintenance of effort was accepted by the sponsor and the school has committed to communicating any such matters from DEW to the sponsor in the future. The performance framework and most recent ratings can be found below in this report. The school successfully completed sponsorship renewal last school year and earned a 3-year renewal expiring June 30, 2027 (based on an academic, organizational, and financial framework) and shows great care for its students. As long as the school continues on the same trajectory, remains compliant in fiscal, organizational, and academic areas, and meets contractual requirements, we do not foresee issues with renewal in the future. The guidelines for scoring and renewal are always available in the sponsor's guidance document [linked here](#) and are reviewed in great deal as renewal approaches.

Note: The school's annual performance report and prospects for renewal will be communicated to and discussed with the school's governing authority.

ESC Actions

X _____ Completed community school performance framework attached

11/13/24 Date ESC communicated the report to the school's governing authority

11/21/24 Date ESC discussed the report and prospects for renewal with the school's governing authority

Assessment & Accountability Plan/Performance Framework – Exhibit IV

There are three (3) components on which schools will be assessed and held accountable: Academic, Financial, and Organizational/Operational. Together, these three components comprise the Performance Framework.

The ESCCO will utilize the National Association of Charter School Authorizer's (NACSA's) principles and standards to guide its academic monitoring of the schools that it sponsors. The framework components include:

1. Indicator – general category of academic performance, i.e., student achievement
2. Measure – Categories of performance included within the components making up the Ohio School Report Cards, Dropout Prevention and Recovery Report Cards and the Career-Technical Report Cards. The measures, some of which are graded and some of which are rated, vary for each type of report card and are used to provide information regarding student academic success and progress.
3. Metric – method of evaluating a measure, i.e., percentage of students proficient on state assessment
4. Target – threshold that signifies success in meeting the standard for a specific metric, i.e., state cut-off for meeting proficiency or higher
5. Rating – assignment of school's performance into categories/scoring based on the performance against framework targets, i.e., exceeds, meets, approaching standard/needs support to meet standards or falls far below standard/needs significant support to meet state standards

We will utilize the graded or rated measures or indicators available on the state report card each year. As additional measures are added from year to year, we will also utilize the performance framework in those areas. For some items, because of changes to state report cards, data may not be available for all items for all years. Note, additional or fewer measures may be used for different schools to appropriately evaluate their specific educational plans. The general Graded/Rated Measures are:

- Overall School Performance Rating
- Achievement
 - Component Rating
- Progress
 - Component Rating
- Gap Closing Component Rating: Annual Performance Goals
- Early Literacy (K-3) Component Rating
- Graduation Rate
 - Component Rating (All Schools)
 - 5 Year Graduation Rate (Non-DOPR Schools) (Not individually rated on state report cards beginning in 2021-2022 school year; Sponsor will assign points)
 - Annual Graduation Rate: 4, 5, 6, 7 and 8 Year Rate (ONLY Pertains to Dropout Prevention and Recovery Schools)

- College, Career, Workforce, and Military Readiness Component Rating
 - (The overall component is not rated, and the measures are not individually rated; report only until at least 2024-2025 school year)
- The inclusion of the measures will be based on their report card release from the Ohio Department of Education and Workforce (DEW).
- The measures for dropout prevention and recovery schools will align to the report card for these schools.

The ESCCO will rate each of the report card measures* as –

- Exceeds Standard – Determined by Rating of 4 or 5 Stars
- Meets Standard – Determined by Rating of 3 to 3.5 Stars
- Approaching Standard/Needs support to meet standards – Determined by Rating of 1.5 to 2.5 Stars
- Falls Far Below Standard/Needs significant support to meet state standards – Determined by Rating of 1 Star

*The rating for dropout prevention and recovery schools will align to the report card for these schools.

- The following tables represent the three (3) components of the Performance Framework- Academic, Financial, and Organizational/Operational. School performance in these areas is documented annually, reviewed with administration and Governing Authorities, and reported in the Annual Review.
- School and Sponsor will agree to include additional Progress and/or Achievement measures using data from standardized assessments (i.e., NWEA MAP, STAR) and/or other school mission specific goals and non-academic measures. These will be used to assist in monitoring accountability, especially if there are areas that were not rated on the report card. Agreed upon goals, and targets and metrics demonstrating School's progress in meeting the goals, will be attached to this Exhibit.
- School and Sponsor will agree to include targets that compare the school's student performance to other schools.
- At the end of each contract term a High Stakes Review is conducted, at which time multiple years (over the contract term) of school ratings in Academics and Organizational/Operational areas, and the most recent Financial component scores on the Performance Frameworks are reviewed. The overall performance is considered at renewal time.

As Ohio's districts and schools are identified for support, they must create or update district and school improvement plans through the ED STEPS process, which includes the One Needs Assessment and the One Plan. The sponsor expects schools to complete any identified requirements and work with both their assigned State Support Team and the Sponsor.

The rating system described earlier is subject to change if any legislative revision occurs or a new expected accountability standard is issued to Sponsors by the State. As future graded/rated measures are added to the report card over the course of a contract's life, it will be assumed that the school will be rated on those measures throughout the life of the contract with that specific measure language being added at renewal time. If needed, the ESCCO will amend and update the assessment and accountability portion of the contract if the legal requirements of monitoring change after the contract has been approved by both governing authorities.

Community School Performance Framework

Performance Framework for annual review of school outcomes includes 3 main components: Academic, Financial, and Organizational/Operational

(Multiple years of data, including performance over the contract term, will be used where available, for some items, data may not be available for all years.)

PERFORMANCE FRAMEWORK: ACADEMIC COMPONENT

Report Card Scale and Conversion to Stars			
4 points	3 points	2 points	1 point
Exceeds Standard	Meets Standard	Approaching Standard/Needs support to meet standards	Falls Far Below Standard/Needs significant support to meet state standards
4-5 Stars DOPR - Exceeds	3 – 3.5 Stars DOPR - Meets	1.5 – 2.5 Stars DOPR - DNM plus 5% growth from previous year	1 Star DOPR - Does Not Meet

* Stars do not apply to Dropout Prevention Recovery Schools (DOPR) as that report card has not changed.

2021-2022	Meets	3

If a school with a graduation rate of less than 84% improves its graduation percentage by 5% or greater over the prior year, the school will receive an extra point for this item. (For example, if a school would otherwise receive 1 point for this item, but improves its percentage by 5%, they will receive two points.)

Annual Graduation Rate (Non-DOPR Schools)	
	5 Year

PERFORMANCE FRAMEWORK: ORGANIZATIONAL/OPERATIONAL COMPONENT

Educational Program

This measure does not evaluate the performance of the school. This measure only addresses the program described in the Educational Plan of this contract – the school's fidelity to the program and organizationally the school's **faithfulness to the terms of the charter**.

Is the school implementing the material terms of the educational program as defined in the current charter contract?		
	1 point	0 points
	Meets Standard	Does Not Meet Standard
	The school implemented the material terms of the educational program in all material aspects and the educational program in operation reflects the material terms as defined in the charter contract, or the school has gained approval from the ESCCO for a charter modification to the material terms.
