Effective July 1, 2009, staff medical statements must be on file and updated on a regular basis according to program policy. The medical statement can be completed by a physician, a physician's assistant, a clinical nurse specialist or a certified nurse (Rule 330137-04(E)).

Itinerant teachers and related service personnel providing services in a community program licensed by the Ohio Department of Job and Family Services are required to show documentation of a medical statement every three years. Districts provide a form called Background, Reference and Medical Check to document the medical statement on file in the district; the form is available at www.education.ohio.gov, keyword search: background checks.
