

# Summer Gifted Courses

Need gifted hours? The ESC of Central Ohio developed online gifted courses that will provide the required 15 hours educators who serve gifted students need for the school year. Each course has been developed to focus on a variety of gifted and talented topics that will expand your knowledge and meet the learning needs of gifted students in your classroom.

## Course 1: Gifted 101

This course is for teachers new to gifted and talented education. It is recommended that you take this course first. You will learn the nature and needs of gifted students as well as the curriculum and instructional strategies needed to appropriately challenge this population. (15 hours)

## Course 2: Differentiation with Depth & Complexity

During this course, participants will learn about the depth and complexity instructional strategy. In addition, teachers will take a deeper dive into differentiation and how to best meet the needs of gifted students. (15 hours)

## Course 3: Social Emotional and the World of Gifted

Participants will learn about the various social and emotional needs of gifted students including emotional intensity and overexcitabilities, perfectionism, overachievement, underachievement, anxiety, and existential depression. Participants will also learn about counseling, developing grit, helping gifted students thrive, and various social, emotional, and behavioral tools to assist gifted learners to continue to grow and prosper. (15 hours)

## Course 4: Twice-Exceptional and Underrepresented Gifted Learners

Participants will learn about underrepresented gifted populations in schools and how to best identify and serve them. Participants will also learn about twice-exceptional learners with their dual diagnoses as well as the misdiagnosis and missed diagnosis that may happen. In addition, they will explore the dimensions of cognitive style and various disabilities. With this knowledge and understanding, participants will develop actionable goals to strengthen student growth, not only academically, but as a whole child. (15 hours)

**June 1- August 31**

Where: 100% Online

When: June 1-August 31, 2022  
with course work completed
