9. Expense Description-This should be detailed enough for ESCCO Fiscal Staff to verify that the expense meets the category that you entered above. Please refer to ODE and/or USDOE Frequently Asked Questions (FAQs) to ascertain the acceptance of the expense within the category chosen. If you are unsure feel free to contact the ESCCO to discuss prior to submitting the request.
10. Expense Identifier-IF this is a reimbursement for equipment or any other type of capital item, please enter the local method of identifying the asset. Please remember these items are "titled" to ODE and can only be kept or disposed of upon ODE approval. This applies to any asset whose purchase price is 5,000 and above. This applies to an individual item not a group of items. The identifier can be an inventory tag developed locally or the serial number. If this is a procurement, the process of providing the identifier will occur after the asset is received and the NPS is processing the documentation for the ESCCO to pay the vendor.
