Items for the Board's Information and Review

Governing Board Members' Update

Eastland-Fairfield Career & Technical Schools

Mrs. Galbraith reported that Dr. Dan Good and Dr. Wade Lucas recently updated the EFCTS Board members on the progress of the Superintendent search being conducted by the ESC of Central Ohio and praised their professionalism. A survey has been sent out to obtain feedback from various target groups on the qualities they feel are most important in a new

Superintendent. Mrs. Galbraith also reported that in an effort to increase enrollment in the adult programs, a week-long program has been scheduled to allow adults to try out skills free of charge in the EFCTS labs to see if they are interested in a particular program.

Delaware Area Career Center

Mr. Bischoff reported that on Monday the DACC will be determining which plan they will be using to re-open school this Fall. Five plans have been developed during the planning process.

Treasurer's Update

Mr. Varda commended his staff and all the staff from other Centers that assisted in the process of closing Fiscal Year 2020.

Mr. Varda reported that the ESCCO and its COG have incurred over \$400,000.00 in unemployment costs through June, 2020 with over 90% of that amount being substitute employees. A spreadsheet developed by one of his payroll staff members has been sent to the District Treasurers to inform them of their district's cost. It is expected that the ESCCO will be reimbursed 50% of its cost from CARES Act funds and the received funds will be passed on to the Districts.

Mr. Varda informed Board members that Aaron Raush from the Ohio Department of Education attended the July 7 virtual Treasurers meeting. He reported that school districts will be starting the fiscal year with a reduction in funding equal to the final FY 2020 amount received after the budget reductions and that the Governor, through the Ohio Office of Budget and Management, will be reviewing education funding on a quarterly basis. Mr. Varda also reported that the contracts the ESCCO has with ODE related to employing individuals for specific tasks have been reduced for the upcoming year by 3.8% which is the amount of furlough non-union state employees received. OCALI had one contract that is funded through state funds receive a % decrease, however, no cuts are expected in the main contracts that are funded through Federal funds.

Ohio Healthcare Consortium Update

Mr. Varda reported that staff received their holiday premium this month. Consortium members were very happy to receive a reduced bill. Mr. Varda informed Board members that an increase in premiums is not expected for calendar year 2021. This will be discussed at the August OHP board meeting.

Deputy Superintendent's Update

Mr. Trego informed Board members that Graham Elementary and Middle School and Maritime Academy of Toledo are up for contract renewal or non-renewal in 2021. During the contract process, a high stakes review is conducted by the sponsor. A large portion of this review includes performance on State assessments. As all State assessment in the Spring of 2020 were cancelled and the uncertainness of having them in the Spring of 2021 and at the advice of Counsel, it has been determined that it would be unfair to conduct such a review. Mr. Trego asked Board members for their support in offering these 2 schools a one-year extension in the Spring of 2021. If the community school Board members approve the extension option, then the extensions would be

2178

recommended to the ESCC Board for approval. Mr. Trego reported that both schools are moving in the right direction and have worked vigorously with our Community School Coordinators on improving academics. ESCCO Center for Achievement staff have also worked very hard with both schools. The principal of the Maritime Academy has been selected as their new Superintendent. The ESCCO will be providing mentoring services for both the new Superintendent and new high school principal. This extra year will also give both schools time to achieve more gains academically. The ESCCO Board members provided their support of the offer of a one-year contract extension.

Superintendent's Update

Dr. Goodney displayed the page that has been developed for the ESCCO website regarding re-opening protocols for the Central Office, OCALI and both Venture Academy buildings. The administration is very sensitive to the issues staff may be experiencing since the office closure and has outlined services available to staff through the Employment Assistance program on this website page. Mr. Rick Bailey, Director of Human Resources, is meeting with staff members individually on requests for continuing to work at home because of issues such as health. Each request then goes through a review process to determine a response to the staff member. Dr. Goodney commended Michael Trego and Joseph Weitz for their work on the ESCCO's re-opening plans.

Dr. Goodney updated Board members on his work with client Superintendents, their teams and public health officials on talking through different scenarios for re-opening schools. Public health officials will be joining a Superintendent meeting this week to discuss re-opening plans and guidelines. The Columbus Public Health Department released guidance that there should be 4 consecutive weeks of a downward trend in cases before a determination to open schools is made. Dr. Marie Ward, Superintendent of the Fairfield ESC, informed Dr. Goodney that the Fairfield Public Health Commissioner informed districts to open totally remotely.

Dr. Goodney updated Board members on the Eastland-Fairfield Career Center Superintendent search and the procedures that will be used when a current Superintendent expresses interest in the position. Dr. Good will be working primarily with the candidates and Dr. Lucas will be working with the board.

Mr. Bischoff asked what is being done and discussed to deal with the impact of learning loss and how it can be made up for students. Dr. Goodney informed Board members that the implications of the virus on learning loss is clearly a top concern of the Superintendents. At this point, if the Districts go to fully remote learning, nobody knows what the lasting impact will be. Dr. Goodney informed Board members that the real concern for the Districts is K-5 curriculum and long-term school work on a computer for elementary students. He also reported that the Districts plan many professional development days for teachers in August on the subject of blended learning.

Mr. Spencer asked if the technology issues that were lacking this past Spring have been addressed if school districts go to full remote instruction. Dr. Goodney indicated that the Districts have addressed the issues of device and connectivity availability and solutions are now in place to solve the issues experienced in the Spring.

Governing Board President

Mr. Spencer commended the staff that created the re-opening page on the ESCCO website and encouraged Board members to review it. Mr. Spencer thanked Dr. Goodney and his staff for their work during the pandemic and recognized them as the first responders for education. Mr. Spencer asked Board members if they were comfortable continuing to conduct Board meetings virtually and all agreed to continue this practice for the unforeseeable future.
