Single Core Theme: The ESC of Central Ohio provides support by optimizing resources and facilitating connections to improve student outcomes.

Supporting Theme: We make it easier for central Ohio schools to focus on educating students.

The ESC of Central Ohio provides people and services to meet the day-to-day as well as the long-term needs of its partners.

- When our schools need help, we help them find solutions.
- We provide specialized services and staff at a cost savings to partner school districts that may not otherwise be possible.
- The practical support we offer enables our partners to focus on accomplishing their mission.
- We help meet the needs of today by supporting school districts with practical support to maintain compliance with state and federal programs.
- We support the daily operations of partner school districts and leverage business, educator and student resources to meet the needs of our partners.

The ESC of Central Ohio facilitates connections to foster a wide network of key community partners focused on quality education.

- We coordinate meaningful networks geared toward supporting superintendents, administrators and specialized educators as well as the shared goals of districts.
- We foster strong regional and state partnerships through collaborative grant opportunities that support the timely educational needs of districts and regional partners.
- We represent the perspectives and needs of schools and educators while joining with vital community and regional partners to address critical wellness, safety and workforce issues.
- We work with our partners toward a collective vision of education that adequately addresses the needs of today's students.

The ESC of Central Ohio aims to improve student outcomes and quality education for all.

- Our specialized staff, services and programs help partners meet the diverse needs of all students.
- We offer professional development that provides educators and partners with tools and resources to improve outcomes for students.
- We operate alternative educational opportunities aimed at improving outcomes for each student.
- We lead professional development that meets licensure requirements for educators and also empowers them to take their next step toward administration, leadership and high-quality teaching.
