

STACK Institute

The ESC of Central Ohio, in collaboration with its partners at the Ohio Center for Autism and Low Incidence (OCALI), have developed a comprehensive, interactive training designed to give professionals instruction to enhance their ability to plan for and serve students with autism spectrum disorders.

The workshop topics include characteristics of individuals with autism, structured teaching fundamentals, classroom design and management, work systems, visual supports, student schedules, strategies for effective use of classroom staff, and interaction with our student STACK summer program.
