

Permission for Neighborhood Walks

During the current school year, our instructional program will involve occasional walks around the school vicinity and off the school grounds. The purpose of these class walks is to provide reinforcement and practice for skills taught in the classroom. The activities being provided will usually involve community awareness, nature lessons, and safety skills.

In order to conduct these walks, we need your permission. Please indicate your intent by placing a check in one of the three boxes below. Sign, date, and return the form to classroom teacher.

Child's Name

- Has my permission to participate in class walks that are off school property.
- May not leave school property.

Parent's Signature

Date

Student Photography Release Form

We request permission for your child to have his/her picture taken or to be videotaped by school staff or local news organizations during the current school year. If permission is granted, your child's photograph may be used in publications and promotional pieces for print and electronic media.
